

CABRILLO BEACH YACHT CLUB

Whites Landing Cruise October 13-15, 2017

Whites Landing is a delightful beach just east of Long Point. This makes the beach fairly close for anyone who may miss the city lights of Avalon. Moorings are available, and there is also good anchoring space. Whites also provides good shelter from the typical summer afternoon southwest winds.

October is a great cruising month and most activities will be on our boats. With the usually calm waters, there are many opportunities for relaxing and water sports. For those with a fishing rod, fishing can be very good. Lobsters will be in season, so borrow a hoop net (you will need the lobster card and a measuring device as well).

October 13, Friday evening: 5:00 Cocktail Party aboard Ocean Palapa. BYOB and an appetizer to share.

October 14, Saturday: Morning hike. Catalina Experience will be busy this weekend, but we will ferry hikers to their dinghy dock. Start time will be discussed Friday evening.

Afternoon, play Mexican Train and other games.

Go kayaking, swimming, or other water sports.

Saturday Evening: Depending on who comes, we will have a Cook-Your-Own on board one or more boats as needed. We will coordinate with those who sign up. Evening entertainment will be planned.

Hosts: Dianne and Hans Bozler 310-991-6767 hbozler@usc.edu
