

CABRILLO BEACH YACHT CLUB

Whites Landing Cruise October 19 -21

Whites Landing is a delightful beach just east of Long Point. This makes the beach fairly close to Avalon for anyone who is missing the city lights of Avalon. Moorings and anchoring space are available. Whites also provides good shelter from the typical summer afternoon southwest winds.

Whites Landing is located on the best swim beach on Catalina and has a good dock. Although beach landings are easy most times, we will also be using the dock facilities as needed. This large beach also referred to as Buffalo Beach, houses facilities for two yacht clubs (BYC and SDYC) along with the Catalina Experience camp that we will be using.

October is a great cruising month. With the usually calm waters, there are many opportunities for relaxing and water sports. For those with a fishing rod, fishing can be very good. Lobsters will be in season, so borrow a hoop net (you will need the lobster card and a measuring device as well).

October 19, Friday evening – 5 PM Cocktail Party aboard Ocean Palapa. BYOB and an appetizer to share.

October 20, Saturday We are entitled to use the Catalina Experience beach and shower facilities as well as the dinghy dock today. The camp's lifeguard will be on duty on the beach. Morning hike. Start time will be discussed Friday evening.

Afternoon Mexican Train and other games on shore.

Kayaking, stand-up paddle boards, snorkeling, swimming, and other water sports available from the beach.

Saturday Evening – 5:30 PM We will have our happy hour on shore at the picnic tables outside the camp cafeteria. Dinner, which is optional, (\$15/person) will be provided by the camp chef. Following dinner we will have a campfire on the beach for roasting marshmallows and singing.

Hosts: Dianne and Hans Bozler 310-991-6767 hbozler@usc.edu; bozler@usc.edu

Whites Cove Cruise

CBYC Lobster Tournament Rules

**No Registration/Fee
Simply Have Your
Lobster Measured To Enter!**

Lobster must be alive when measured

The winner will be the largest lobster as determined in a straight line on the midline of the back from the rear edge of the eye socket to the rear edge of the body shell.

In case of a Tie, the next largest lobster (by the same measurement method) caught by a First Place winner shall be the tie breaker.

**All California Fish and Wildlife Regulations Must Be Followed
(License, Size Limits, Lobster Report cards, Lobster Limits, Pot Identification, Etc.)**

Measurements Will Take Place On Board
