## Commodore

John Raski

Here it is November, the beginning of the holiday season which is a busy time of the year filled with family, friends and feasting. It is also time to think about those less fortunate than us. That being said, we will once again be having our food donation drive for the San Pedro Community and Senior Service Center. This is a worthwhile organization that I have personally delivered our donations to. They were truly excited when I was there to deliver the goods and they couldn't say Thank You enough to CBYC. I was truly humbled by this experience. Please make sure you donate!

The second phase of the renovation on the Junior Room wall has been completed. The Cabinet frame has been built installed. Next step is to order the cabinet doors which, will be done once all the measurements are taken for the doors.

We have received some great news! The Port of L.A. has announced this year's Community Award Grant Recipients. Forty organizations were awarded grants for the 2025 fiscal year and among those recipients was our own Cabrillo Beach Youth Sailing Foundation. This grant will help sponsor Summer Program with multiple classes to meet the needs of the participants ranging from beginner to advanced and from the ages of 8-18 years. The emphasis is on teaching the basics and more advanced techniques of sailing through small classes and lots of fun.

More great news. Thanks to the participation of Harry Meisel (Firewater) and Dennis Dyer (Solarey), CBYC received the club High Point Trophy for the 2024 season for the SCCA Navigation Rally Closer. Harry captured third place and Dennis added critical team points. Thank you also goes out to Pam Meisel, Lynda Louden, Mark Fogel and Randee Wood aboard the Firewater and to Dennis's granddaughter aboard Solarey. Congratulations!

With regards to the ILCA race next summer, we have finalized the Facility Use Agreement with the Boy Scout Camp for use during the event. We have also defined the various committees and who will chair them. We will be looking for volunteers both on the water and on land. If you are interested in being part of this event, please contact Jackie Loper. As I stated before, you will be receiving more information in the coming months.

Continued on page 5...

We have a general meeting on November 17th. At this meeting, the ballots will be counted, and the new Board of Directors and Fleet Captain will be announced. Please plan on attending the meeting and if you cannot, please vote. Let your voice be heard.

Other events for November include the Dry Storage Clean-up Day on November 1st, Second Sunday Breakfast on November 10th, Wine Tasting on November 16th, CBYC Thanksgiving on November 28th and the Club Holiday Décor Day on November 30th.

## Vice Commodore

Jerry Beaver

November events to watch for include the Wine Tasting scheduled for Saturday the 16th and the CBYC Thanksgiving Dinner on Thursday the 28th. Please make reservations early for these events so we can plan accordingly. Reservations allow event organizers and staff to accommodate all who wish to attend and at the same time minimize waste. You don't want to show up for Thanksgiving dinner and find out we have run out of turkey. Details are here in the Lighthouse.

As of November 1st, we will change to Winter Hours for the bar and galley.

### Bar Hours

Wed - Fri 4:00 - 10:00

Sat 3:00 - 10:00

Sun 3:00 - 9:00

We will also be open on Mondays for Monday Night Football from 5:00 until the game is over.

### Galley Food Service Hours

Wed - Thu 5:00 - 7:30

Fri - Sat 5:00 - 8:00

Sun 5:00 - 7:30

We are getting busy with planning for the ILCA Regatta next summer and there are many details to work out. It has been a while since CBYC hosted a big event like this and it is truly an "all hands" event. The sailing will be out of the Cabrillo Beach Youth Waterfront Sports Center (Boy Scout Camp). We opted for that site to minimize the impact on our club members' use of their boats. It also allows us to have beach launching which makes it possible to get the 150 - 200 boats we expect in the water in a timely manner. We have made arrangements with the DoubleTree Hotel for accommodations for officials and favorable rates for competitors. We will be holding events here at the club both for competitors and officials and expect it to be an exciting time for CBYC members to interact with our international guests. As plans progress, we will provide more information on how you can take part.

## Board of Directors Minutes - Oct 1, 2024

**Members, log in online at [cbyc.org](http://cbyc.org) to review the Board of Directors and General Meeting minutes. After logging in, navigate to the Members Tab and click on Club Business to access. If you prefer that we email a copy of the minutes to you, please send your request to: [office@cbyc.org](mailto:office@cbyc.org).**

## Rear Commodore

Kevin Loper

Jim Anderson organized this year's trip to the Channel Islands with a few goals: single-hook anchorages, frequent shoreside landings whenever possible, a visit to Painted Cave, Betcher's Bay and Johnson's Lee (Santa Rosa Isle), and San Miguel Isle to take a photograph of all of us at Juan Rodriguez Cabrillo's monument overlooking Culyer's Bay. By the end of the trip, we accomplished all our goals and dropped anchor in nine locations over 14 days, visiting all five of the accessible northern Channel Islands.

The experiences shared during these trips are what make you want to go back for more. It's the whole package... being able to share this with my wife, Puri, was exceptionally satisfying for me. Once again, creating new memories with two of the finest gentlemen you will ever meet (Jim Anderson and Steve Thomas) is always special! Sharing in the beauty of one of our National Treasures, the Channel Islands, along with the stupid silly things you come up with during these trips like the "keeper of the nickel" or situational quotes "Start the fricken motor, Jim!" exclaimed Steve Thomas as our dinghy was being swamped in the second surf line.

For those interested, I will post pictures and drone video in the Cruising->Cruisers Resources section of our website. I hope that it may inspire some of you to join us next year.

The Fall Isthmus Cruise, our last cruise of the year, is quickly approaching. Once again, we have rented the Villa Rosa to host our ashore activities. Keep an eye out for updates regarding the details and itinerary of events.

The Fall Pt. Fermin Charity Race is just around the corner and will benefit the 2025 ILCA Youth World Championships that CBYC will proudly host in July 2025. The Fall One Design Regatta will be the following week. You can register for both races under the Regatta tab of our website.

## Fleet Captain

Mike McCormick

Hello CBYC! Let the Holidays begin! I, for one, am looking forward to the holiday season at CBYC. I have a crew of helpful elves preparing for our annual CBYC Kids Holiday Party on Saturday, December 7th. This will be a festive event with crafts, music, food and of course, Santa! Reservations are requested so we make sure we have enough supplies for all the kids.

The Fall Dry Storage Cleanup will be on November 2nd, starting at 10a. See the flyer here in the Lighthouse. We appreciate everyone's time and effort!

The Landing building repairs will need to be part of next year's budget. Temporary protection will be put in place to keep the area dry. Some of the damaged members are structural so this work, while localized, will be more than cosmetic. The board will review this and the updated bids for the parking lot this month and make decisions on timing for both.

I received great input on the call for volunteers. Each year, along with your membership renewal, the office sends out a volunteer questionnaire. Please fill it out and give it back! We've all got talents to share so give the club your best! Speaking of volunteers, I'll be looking for folks to help with the club's holiday party decorating (Silver Bells Dinner, Friday, December 13th). Send me an email if you are interested. It's a great way to get on Santa's good list!

I see November as a month to reflect on the year and think of all we must be thankful for. Whether it's a year of good fortune, good health or just good times, let's not take anything for granted. I hope everyone enjoys a wonderful Thanksgiving holiday with friends and family.

# *A View From the Dock and Yard*

Ahoy,

*I know that you are aware that the summertime boating season has come to an end and winter is fast approaching. It's the time of year I encourage you all to please take some time from your busy schedules to come to the marina and check on your yachts.*

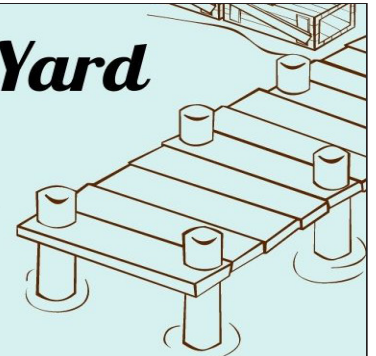

*Ensure that all your dock lines are in good condition, that you have chafing gear on them and no loose cleats. Check that all your covers are in good shape and secured correctly. Also, check that your cockpit drains are clear and free of obstructions before the storms and rain arrive. It's also a good idea to check that your automatic bilge pumps are working correctly and intakes are clear of any debris that could clog them.*

*One of the ongoing issues is people leaving the Marina gates open and not closing them completely. Please ensure that the gates are closed and latched properly after using.*

*Another area of concern is the dry storage gate being left open. If the dry storage gate is not being actively used, please close the gate behind you. If someone is in the storage yard, they should have a keycard and be able to exit on their own. Never leave the dry storage gate open at night.*

*If you find that any marina gates or dry storage gates are not working properly, please report it to us immediately so that it can be corrected. If you see anything else in need of repair in our marina, please send emails to us at dean@cbyc.org and scottholcomb2014@gmail.com so it can be tracked and addressed in a timely manner.*

*Wishing you all good health and happiness during the coming holiday season,  
Scott Holcomb*

### Sue Kelly O'Shea - Celebrating a life well lived

Sue was born to Herbert and Marion Woodward in 1937. The youngest of three girls, she was raised outside of Boulder, Colorado where she spent her early years riding horses on her grandparents' farm. The family then moved to Greeley Colorado where Sue attended school. After graduating from Greeley High School in 1955, she left Colorado (and a slew of broken hearts behind) heading to Los Angeles to pursue a career in the airline industry as a flight attendant. She soon landed a position with TWA Airlines and was able to travel the world. One fateful flight she met her husband - Captain Joe Kelly.

Joe took Sue sailing on his Kings Cruiser "Carlotta" and she was hooked. Soon after Sue and Joe were wed at the Wayfarer's Chapel. Sue and Joe were fortunate enough to spend time cruising their Angelman 36 "Sea Moon" throughout Mexico in the 60s. During this time, they shared many adventures and their family expanded to include son Jib and daughter Staysail. They truly created a sailing family. While cruising they fell in love with the culture and chose to make Acapulco their home.

When the children became school age however, they decided to return to San Pedro and reestablish their roots. Once back in San Pedro, Sue dedicated her time to raising her children. She was known for volunteering at school as "Den Mother" and "Brownie Troop Leader" until 1975 when the family lost Joe to an untimely death.

Sue showed her strength and went back to school to obtain her Nursing Degree while raising her children alone.

Respectfully waiting down the dock was Henry O' Shea. Henry asked Sue out on a date on the anniversary of Joe's passing to celebrate the memory of Joe. They soon became inseparable and were married in 1977.

Once married, Sue continued in the field of Nursing working as a Newborn Nursery Nurse at Torrance Memorial Hospital. During her career she made an impact on many lives with her dedication to caring for the health and well-being of newborn babies. She was part of the delivery for many children of family and friends, giving them special attention with her years of knowledge.

Continued on the next page...

Sue and Henry created a beautiful life together. They simplified their lives and moved the family on to their new boat, "Golden Lady." Their life of living aboard opened them up to many lifetime friendships with fellow Cal Yacht neighbors as well as memorable adventures. They became involved with Hanalei Yacht Club and supported the singlehanded race to Hanalei Bay.

While they loved their life of living aboard raising a family, they desired a bit more space. Sue, being forever filled with wanderlust, wanted to travel the open road. Sue and Henry purchased a trailer that led them to wonderful locations visiting family and friends but landing them in a home in the clouds of Pauma Valley. A welcoming home was created where they hosted many CBYC friends with entertainment that included hayrides, horseshoes, and a wicked game of pool.

Sue retired from nursing to care for Henry and upon his passing she returned to San Pedro where she felt most at home.

Sue is survived by her son, Jib Kelly (Kim) and daughter Staysail Kelly Gibbs (Stan) her grandchildren, Geoff Macellvin, Katie Steinhafel (David), Riley Gibbs and Sawyer Gibbs.

## 8 Bells William "Billy" Price

Corporal William "Billy" R. Price III passed away on August 9th and advanced to his last assignment with our Lord, the Commander-of-Heavenly-Forces.

Billy was the spitting image of what a Marine looks like and was selected to serve in the "Elite" USMC Silent Drill Team. Marines are selected from the Schools of Infantry. They are chosen based on their appearance, military bearing, endurance, and drill abilities.

Bill was my best friend and he will be missed by all who knew him. Billy loved Harley Davidson Motorcycles, he worked on and engineered specific motor parts for Harleys from the 1930's and even older. He was a Champion Trap Shooter and won many tournaments throughout the years. He loved sailboats and was involved in a plethora of sailboat races throughout the years. He loved the ocean, surfing, surf skis and swimming in the ocean, as well. He would often go down to the San Pedro Beach and enjoy a swim there.

Billy is survived by his wife Diana, his son Shane, and brothers James and Jeff.

A Maritime Burial at Sea will be held for Billy later this month.

# November

## Second Sunday Breakfast

Sunday, November 10th 10am - 1pm

## *Emerald Bay Cruise*

BY CLAUDIA CLARK

November 2015

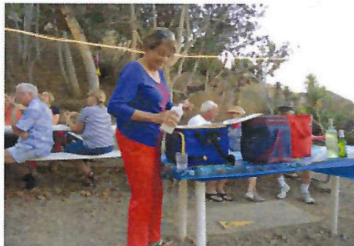

October proved to be a perfect time to enjoy Emerald Bay. A beautiful, peaceful weekend was just what everyone was hoping for and Mother Nature provided. It certainly made it hard to come home, in fact a few boats stayed through the next week! Looking forward to our next cruise, aren't you?

Temperatures were perfect and the water fabulous for kayaking, swimming, paddle boarding, hiking, snorkeling, or just floating.

Gloria Richards preparing to enjoy Fleet 24's signature cocktail!

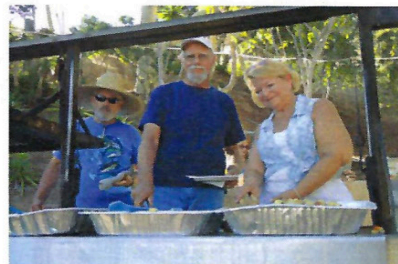

A flotilla anchored from Salicious. Kurt Golden has a new career as "Cabin Boy!"

Beautiful sunset across the water.

Margret Zinn learning the fine points of sailing from Bill Miller.

Our Dump Breakfast Cooking Crew's delicious food was more than we could eat. Thanks to Mike Richards, Bill McMullen, and Joy Jacot.

Visit us online at [www.cbyc.org](http://www.cbyc.org) | Copyright 2014 Cabrillo Beach Yacht Club, San Pedro

# THE BAR FLY-ER FOR NOVEMBER

There is a wonderful November in store for you.

But first, we hope you enjoyed our October! Duvell Golden Belgian Beer in a bottle at 8%. And a heavy hitter: Cherry Beer 8.5% for Autumn. Some members have asked, "where is all you promised in the October Bar Fly-er?" Please remember we must run out the old before implementing the new. Exercise some patience with us. We promised a rotating white wine; this month's selection is Educated Guess Chardonnay.

November food specials will have an Italian flair on Thursdays, Saturdays, and Sundays. A Wednesday special from Joel will be offered as a package deal including a drink and dessert. We have added Mac-N-Cheese as a side option.

Watch for Wild Caught Alaskan Salmon coming soon!

Very excited to go to the Wine Tasting on Saturday, November 16th! Please come to TASTE WINES YOU CANNOT BUY IN A STORE. Members and their guests will be able to buy the wines at CBYC's cost.

Happy Thanksgiving, Members! It will be another wonderful event. We expect to have wine, beer and drink specials to feature with the array of foods in the buffet.

We have phased out our Happy Hour foods as of November 1st. The Happy Hour drinks will continue to be offered.

I look forward to seeing you in November and trying out all the new flavors!

Saving you a seat at the bar!

The fantastic...

## Steve Jost!

Join us in a big CBYC THANK YOU  
to Steve Jost for arranging and  
promoting our wonderful Birthday  
Bar bands since 2013!

Steve is a Senior Member and has  
celebrated his 30th, 40th, 50th, 60th,  
70th, 80th, and his 88th birthdays  
with his fellow CBYC members.

Thank you, and Happy Birthday, Steve!

# Reminder

## from the Flag Officers

It is election season.

No, we are not talking about CBYC's elections. We mean the other one that we have all been inundated by with ads, emails, texts and robo-calls. We get more than enough political back and forth on TV, in the car and on our mobile phones. Let's leave it there.

The club should be a place where we get away from politics and argue about things that matter like which are the best boats or which beer or wine is better or maybe whether or not you were entitled to room at the mark.

Leave the politics outside, please.

CBYC Flag Officers

### WORK ASSESSMENT HOURS OPPORTUNITY!

# DRY STORAGE CLEAN UP DAY

SATURDAY, NOVEMBER 2ND

10:00AM - 12:00PM

Meet at the Dry Storage Cranes

Marina Manager Dean Wyer will be there to  
direct you.

Please let us know if you plan to help:

Email: [Office@CBYC.org](mailto:Office@CBYC.org) or

Call: 310.519.1694

## 2024 SCCA Season Closer

On October 12th, CBYC members Harry Meisel and Dennis Dyer participated in the Southern California Cruiser Association's (SCCA) Season Closer Navigation Rally, sponsored by Huntington Harbor Yacht Club.

Thanks to their participation, Team CBYC rescued the Club High Point Trophy for the 2024 Season. Harry Meisel, on Firewater, captured Third Place. Dennis Dyer added critical team points.

### Firewater:

Harry Meisel, Captain  
Pam Meisel, 1st Mate  
Lynda Loudon, Timekeeper  
Mark Fogle, Observer  
Randee Wood, Tactician

### Solarey:

Dennis Dyer, Captain  
Elisa Pranada, Observer

# CBYC RULES & RACING SEMINARS

BEGINNER TO EXPERIENCED RACERS:  
THIS IS THE SERIES FOR **YOU!**

WEDNESDAY EVENINGS  
JANUARY, FEBRUARY, MARCH 2025  
AT 1830 HOURS

An interactive PowerPoint seminar that will rely heavily on audience participation through the use of models that can be moved around the floor to simulate various racing situations.

Videos of actual race situations will be shown and discussed.

Presenters: Steve Holmstrom, Dennis Dyer, Bill Schopp and Richard Welsh.

Seminar Outline – Seminars are 1830 to 2000 or later, depending on war stories...

Date	Topics	Rule Numbers	Instructor
January 8	Introduction to the Rules Changes & Starting Tactics		Holmstrom/ Schopp
January 15	Race Committee		Dyer
January 22	Downwind Tactics		Schopp
January 29	Cal 20 Racing Secrets		Welsh
February 5	History of Rules, Fundamental Rules, Part 2 Rules	Definitions, 1 – 17	Holmstrom

February 26	Starting to Windward Leg Rules	all	Holmstrom
March 5	Windward Leg, Rounding Marks, to Leeward Leg	all	Holmstrom
March 12	Finishing Rules & Race Signal Flags	all	Holmstrom
March 19	Penalties, Redress, Protests & Protest Hearings		Holmstrom
March 26	Quick Rules Review/Starting Tactics/Race Committee	all	All
March 29 (Sat)	Rapid Starts		RC

## Cruiser's Corner

by Jackie Loper, Cruise Chair

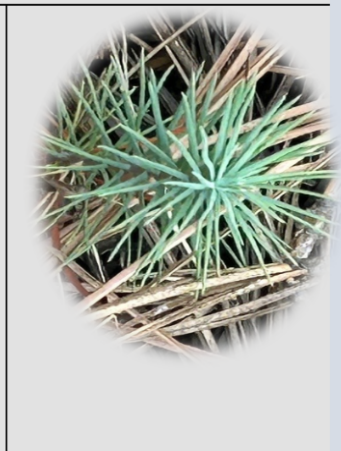

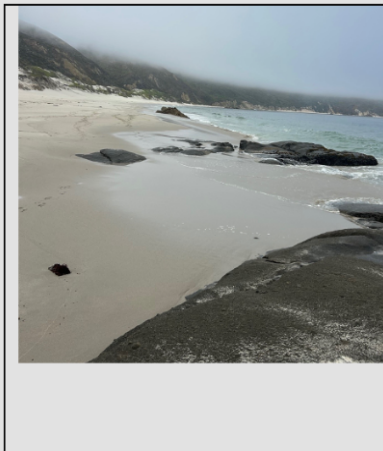

E: [cruising@cbyc.org](mailto:cruising@cbyc.org)

M: 310-633-4811

Jim Anderson, Hans and Dianne Bozler – I am so thankful of the time you spent getting an itinerary ready for either Channel Islands or White's Landing cruises, and all the details that come across. I appreciate you very much.

I did go to the Channel Islands and had a fantastic time. There was a bit of everything—high-whizzeling wind, rain, fog, sun, and mainly a wonderful time with the other three members of our expedition: Steve Thomas, Kevin Loper, and Jim Anderson. We hiked and had a picnic at the top of Prisoners Harbor, Cuyler Harbor, and Torrey Pines where we also saw the littlest Torrey pine tree ever. We had a very rocky evening at Cueva Valdes that prevented Kevin and me from getting back to our vessel so we slept in Thalassa's cockpit that night. We also experienced high winds, fog, and rain at Cuyler Harbor. It was very comforting to me to see the number of vessels that had arrived for shelter. We also met people cruising all the way to Hawaii and Mexico and had cocktails one evening with them, so we learned how they plan and coordinate these long trips.

### We finally did it! by Jim Anderson, S/V *Thalassa*

We finally did it! That is, anchor in Cuyler Harbor and hike on San Miguel Island. This trip marked my visit to the final island of the Channel Islands National Park and the seventh of all eight Channel Islands. It was a marvelous cruise with some slight alterations to the original itinerary due to weather but, we regrouped to take advantage of the weather windows and visit new and spectacularly gorgeous places.

While we originally expected quite a few more boats, our hearty group consisted of *Azure* and *Thalassa*. Covering around 275 NM our stops ranged from the resort marina in Oxnard to desolate but wonderful coves on the islands of Santa Barbara, Santa Cruz, Santa Rosa, and San Miguel. All stops were on a single hook. Painted Cave was the calmest ever for me; exploring the coves around Cueva Valdez was breathtaking; hiking the Torrey Pines Forest on Santa Rosa, marveling at the dolphins and herds of sea lions throughout the journey and seeing the waterfalls on San Miguel, just to name a few, were well worth the cruising distance. Setting the CBYC flag near our namesake's monument, written as "Joao Rodrigues Cabrillho" on the stone, was emotional.

Wildlife abounding, seeing the constellations and the Milky Way with no light pollution; waking to beautiful sunrises; wonderful company; tons of laughs and zero complaints by anyone marked these two weeks as some of the best ever.

Please click on <https://aplphotos.smugmug.com/2024-09-CI-Cruise> if you'd like to view some photos.

### Why do I Sail to the Channel Islands? by Steve Thomas, S/V Ragger's Point

This year's trip to the Channel Islands was my seventh voyage since joining CBYC and I can't wait to go back! Every year is a different experience, sea and weather conditions change and I always witness something new. It is never the same trip. This year was no exception because my personal bucket-list has been to anchor in Cuyler Harbor on San Miguel and hike the island.

Very few people visit these islands so it feels remote and natural, although millions live just 20 miles across the channel. The Channel Islands is one of the least visited National Parks in the country. I respect the rugged landscapes and occasional bad weather/sea conditions where we have learned where to duck-in and ride-it-out safely. The islands teach us to know our place in the world. The wonderful sky at night is the darkest I have ever experienced in Southern California. You really don't know dark-black and the amazing solar system until you are on the back-side of one of the Channel Islands. Wildlife and plant life is abundant and seems to be recovering from the historical abuses that the islands have endured over the past century. It is a positive place for the Earth.

I have really enjoyed the camaraderie of all the fellow CBYC cruisers I have had the opportunity to sail with on these trips. Together, it is a pleasure to plan (and there is a lot of planning prior to departure), problem solve, hike, swim, support one another, dine and party with people that have the same desire and passion for sailing that I do.

### Pacific Air Show

Fog is never a good thing when one wants to watch an air show. Despite the fog, Steve and Sharon Lampe and Ty and Maria Schmidt took friends and family on their boats and celebrated Maria's birthday.

### White's Landing by Hans Bozler P/V *Ocean Palapa*

This cruise was our first "all-water" cruise in quite a while. The cruise started on Friday with dense morning fog, and there were a few last-minute cancellations which reduced our number. However, those cruisers who made it over to the island were rewarded with spectacular weather. We ended up with seven cruisers on four boats.

Happy Hour on Friday and Oktoberfest dinner on Saturday were held on *Ocean Palapa*. Cruisers baited and set out Lobster hoop nets after Happy Hour on Friday and after the Saturday Oktoberfest dinner, which included imported German beer. Most hoops caught multiple lobsters although there were lots of "shorts" that had to be returned to the sea. Many of the "legal" lobsters were identical in size and weight, so the consensus was that Mike Sitts won the lobster contest with the two lobsters he caught using his "secret sauce" (purchased at Rusty Hook). While most traps were baited with fish, Rob Curtin on *Evo* managed to get a legal-size lobster with a chicken bone.

# FALL ISTHMUS CRUISE IN MARGARITAVILLE

## ALL EVENTS AT THE VILLA ROSA

NOTE – PLEASE BRING YOUR OWN UTENSILS, CUPS & NAPKINS TO ALL FOOD EVENTS. BIODEGRADABLE PRODUCTS PLEASE.
